## URBN Reports Record Q4 Sales and EPS

PHILADELPHIA, PA, March 5, 2019 - Urban Outfitters, Inc. (NASDAQ:URBN), a leading lifestyle products and services company which operates a portfolio of global consumer brands comprised of Anthropologie, BHLDN, Free People, Terrain and Urban Outfitters brands and the Food and Beverage division, today announced net income of $\$ 86$ million and $\$ 298$ million for the three months and year ended January 31, 2019, respectively. Total Company net sales for the three months ended January 31, 2019, increased $3.7 \%$ over the same period last year to a record $\$ 1.13$ billion. Comparable Retail segment net sales increased $3 \%$, driven by double-digit growth in the digital channel, partially offset by negative retail store sales. For the year ended January 31, 2019, total Company net sales increased to $\$ 4.0$ billion, or $9.3 \%$, over the prior year. Comparable Retail segment net sales increased $8 \%$, driven by double-digit growth in the digital channel and positive retail store sales. Wholesale segment net sales increased $10 \%$.

For the three months ended January 31, 2019, the gross profit rate improved by 172 basis points and the adjusted gross profit rate improved by 99 basis points versus the prior year's comparable period. The increase in adjusted gross profit rate was primarily driven by better maintained margin from lower markdown rates and improved initial mark-ups. Anthropologie delivered the most significant improvement, followed by Urban Outfitters. Store occupancy also leveraged due in part to the positive comparable Retail segment net sales. For the year ended January 31, 2019, the gross profit rate improved by 158 basis points versus the prior year's comparable period. The improvement in gross profit rate was driven by lower markdowns at all three brands and leverage in store occupancy cost due to Retail segment comparable net sales.

As of January 31, 2019, total inventory increased by $\$ 19.1$ million, or $5.4 \%$, on a year-over-year basis. Comparable Retail segment inventory increased $3 \%$ at cost.

For the three months ended January 31, 2019, selling, general and administrative expenses increased by $\$ 8.5$ million, or $3.4 \%$, compared to the prior year's comparable period. For the three months ended January 31, 2019, adjusted selling, general and administrative expenses, increased by $\$ 10.5$ million, or $4.2 \%$, compared to the prior year's comparable period and expressed as a percentage of net sales, deleveraged 13 basis points. For the year ended January 31, 2019, selling, general and administrative expenses increased by $\$ 49.8$ million, or $5.4 \%$, compared to the prior year's comparable period and expressed as a percentage of net sales, leveraged 88 basis points. The leverage for the year ended January 31, 2019, was primarily driven by the net sales growth and further benefited from continued savings associated with the fiscal 2018 store reorganization project and the nonrecurring store reorganization expenses incurred in the prior year. The dollar growth in selling, general and administrative expenses in both periods was primarily due to increased direct selling and marketing expenses to support and drive the increase in Retail segment net sales and higher bonus and share-based compensation expense.

The Company's effective tax rate for the three months ended January 31, 2019, was $25.1 \%$ compared to $98.6 \%$ in the prior year period. The effective tax rate for the year ended January 31, 2019, was $22.7 \%$ compared to $58.6 \%$ in the prior year comparable period. The decrease in the effective tax rate for the three months and year ended January 31, 2019, was primarily due to a one-time tax expense of $\$ 64.7$ million related to the comprehensive United States tax legislation commonly referred to as the Tax Cuts and Jobs Act ("Tax Act") in the fourth quarter of fiscal 2018. This non-recurring tax expense was due to the deemed repatriation transition tax on our unremitted foreign earnings and the revaluation of our net U.S. deferred tax assets as a result of the lower federal rate enacted as part of the Tax Act.

Net income for the three months and year ended January 31, 2019, was $\$ 86$ million and $\$ 298$ million, respectively, and earnings per diluted share was $\$ 0.80$ and $\$ 2.72$, respectively.

On August 22, 2017, the Company's Board of Directors authorized the repurchase of 20 million common shares under a share repurchase program, of which 14.4 million common shares were remaining as of January 31, 2019. During the year ended January 31, 2019, the Company repurchased and subsequently retired 3.5 million common shares for approximately $\$ 121$ million under this program. During the year ended January 31, 2018, the Company repurchased and subsequently retired 2.1 million common shares for approximately $\$ 46$ million under this program. Additionally, during the year ended January 31, 2018, the Company repurchased and subsequently retired 6.0 million common shares for approximately $\$ 111$ million under a share repurchase program authorized by the Company's Board of Directors on February 23, 2015, completing such share repurchase program in August 2017.

During the year ended January 31, 2019, the Company opened a total of 18 new retail locations including: 6 Free People stores, 5 Urban Outfitters stores, 4 Anthropologie Group stores and 3 Food and Beverage restaurants; and closed 11 retail locations including: 5 Urban Outfitters stores, 3 Anthropologie Group stores and 3 Free People stores. During the year ended January 31, 2019, 5 franchisee-owned stores were opened including: 4 Urban Outfitters stores and 1 Free People store.

Urban Outfitters, Inc., offers lifestyle-oriented general merchandise and consumer products and services through a portfolio of global consumer brands comprised of 245 Urban Outfitters stores in the United States, Canada and Europe and websites; 227 Anthropologie Group stores in the United States, Canada and Europe, catalogs and websites; 135 Free People stores in the United States, Canada and Europe, catalogs and websites, 13 Food and Beverage restaurants, 4 Urban Outfitters franchisee-owned stores and 1 Free People franchisee-owned store, as of January 31, 2019. In addition to evaluating the financial condition and results of our operations in accordance with U.S. generally accepted accounting principles ("GAAP"), from time to time our management evaluates and analyzes results and any impact on the Company of certain events outside of normal, or "core," business and operations, by considering adjusted financial measures not prepared in accordance with GAAP. Examples of items that we consider non-core include impairment charges, gains or losses on the disposal of our stores or restaurant locations and the nonrecurring impact of the comprehensive United States tax legislation commonly referred to as the Tax Cuts and Jobs Act. In order to improve the transparency of our disclosures, provide a meaningful presentation of results from our core business operations and improve period-over-period comparability, we have included certain adjusted financial measures that exclude the impact of these non-core business items.

We believe these adjusted financial measures are important indicators of our recurring results of operations because they exclude items that may not be indicative of, or are unrelated to, our underlying results of operations and provide a useful baseline for analyzing trends in our underlying business. Management uses adjusted financial measures for planning, forecasting and evaluating business and financial performance.

Non-GAAP financial measures should be viewed as supplementing, and not as an alternative or substitute for, the Company's financial results prepared in accordance with GAAP. Certain of the items that may be excluded or included in non-GAAP financial measures may be significant items that could impact the Company's financial position, results of operations or cash flows and should therefore be considered in assessing the Company's actual and future financial condition and performance. These adjusted financial measures are not consistent with GAAP and may not be calculated the same as similarly titled measures used by other companies.

(b) During the three months ended January 31, 2018, the Company disposed of one of the restaurants it previously acquired as part of the purchase of certain assets of the Vetri Family group of restaurants in fiscal 2017. Included in the loss on disposal was a reduction of goodwill of the Food and Beverage division recorded in connection with the purchase of certain assets of the Vetri Family group of restaurants.
(c) The income tax impact of non-GAAP adjustments is calculated using the estimated tax rate in effect for the respective non-GAAP adjustments.
(d) During the three months ended January 31, 2018, the Company recorded one-time charges for the effects of the Tax Act.
