Explanation of Responses:

1. One-third of the total number of Performance Based Restricted Stock Units ("PSUs") are eligible to vest on each of July 14, 2017, 2018 and 2019, contingent on the continued employment of the reporting person through such date and the satisfaction of the requirement that the average closing price of the issuer's common shares during the six-month period before the applicable vesting date be at least equal to 100%, 105% and 110%, respectively, of the grant date price; provided, however, that on the three vesting dates, the number of PSUs that vest is limited to the number of PSUs multiplied by three times the fair market value ("FMV") of the issuer's common shares on the grant date, divided by the FMV of the issuer's common shares on the day before the applicable vesting date. This limitation caps the number of shares that may be registered under the award at three times the FMV of the award on the grant date.

2. Each PSU represents a contingent right to receive one of the issuer's common shares.

3. One-third of the total number of PSUs are eligible to vest on each of August 25, 2018, 2019 and 2020, contingent on the continued employment of the reporting person through such date, the satisfaction of certain performance measures relating to the issuer's average operating profit margin for the fiscal years 2017, 2018, 2019 and 2020 and the satisfaction of the requirement that the average closing price of the issuer's common shares during the six-month period before the applicable vesting date be at least equal to the grant date price; provided, however, that on the three vesting dates, the number of PSUs that vest is limited to the number of PSUs multiplied by three times the FMV of the issuer's common shares on the grant date, divided by the FMV of the issuer's common shares on the day before the applicable vesting date. This limitation caps the number of shares that may be registered under the award at three times the FMV of the award on the grant date.
