Explanation of Responses:

- Each Performance Based Restricted Stock Unit ("PSU") represents a contingent right to receive one of the issuer's common shares.
- The PSUs vested on August 23, 2016.
- The PSUs are eligible to vest on February 23, 2017, contingent on the continued employment of the reporting person through such date and the satisfaction of certain performance measures relating to the issuer's direct-to-consumer sales and average operating profit margin for the third and fourth quarters of fiscal year 2017; provided, however, that on the vesting date, the number of PSUs that vest is limited to the number of PSUs multiplied by three times the fair market value ("FMV") of the issuer's common shares on the grant date, divided by the FMV of the issuer's common shares on the day before the applicable vesting date. This limitation caps the number of shares that may be registered under the award at three times the FMV of the award on the grant date. All common shares are required to be held for a period of six months following the vesting date, except that the reporting person may sell such number of shares as is required to satisfy his tax obligations at the time of vesting
